The number shall be calculated by multiplying the number of the Allotted Shares held by the Eligible Directors, etc. at the time of resignation or retirement as described in (i) above by the number obtained (if such number exceeds 1, the number shall be rounded down to 1) by dividing the term of office of the Eligible Directors, etc. (by month) pertaining to the transfer restriction period by 12 (however, if any fraction of less than one share arises, the fractional share shall be discarded).

(4) Acquisition by the company without consideration

The company shall automatically acquire without contribution the Allotted Shares on which the transfer restrictions have not been lifted at the time of expiration of the transfer restriction period or at the time of the lifting of the transfer restrictions as specified in (3) above.

(5) Administration of shares

The company shall have the Eligible Directors, etc. open dedicated accounts at Nomura Securities Co., Ltd. for the management of the Allotted Shares during the transfer restriction period, so the Eligible Directors, etc. cannot transfer the shares, create security interests, or otherwise dispose of the shares during the transfer restriction period. In addition, the company shall automatically acquire without contribution all the Allotted Stock on which the transfer restriction has not been lifted, upon the business day of immediate release.

4. Basis of calculation and specific details of the payment amount

The Disposal of Own Shares to the scheduled allottees shall be funded by the monetary compensation claims provided as Restricted Stock Compensation under the Plan for the 113th fiscal year of the company. The company determined the disposal price to be 1,688.5 yen, the closing price of the Company's common stock on the Prime Market of the Tokyo Stock Exchange on February 20, 2025 (the business day prior to the date of the resolution of the Board of Directors), in order to eliminate any arbitrariness in such price. As this is the market price immediately prior to the date of the resolution of the Board of Directors, the Company believes that it is rational and not a particularly an advantageous price.
